**Similar to this site:** <https://www.morevisibility.com/>

The case study card features a background image of the NYU Langone Health building. On the left, a white box contains the text 'Content Strategy Innovations' with a 'Learn More' link below it. Below this box, it states '10x Increase in Organic Traffic'. On the right, the title 'NYU Langone's Find a Doctor Increases Online Appointments' is displayed. The main text describes how MoreVisibility and NYU Langone Health collaborated to optimize 'Find a Doctor' pages, resulting in a 10x increase in organic traffic and more patient calls within three months. It concludes with a question 'Is your content strategy contributing to your business goals?' and a 'Let's talk' link. Navigation arrows are visible on the left and right sides of the card.

**NYU Langone's Find a Doctor Increases Online Appointments**

MoreVisibility and NYU Langone Health collaborated to optimize new "Find a Doctor" pages that would allow patients to make appointments online. The NYU Langone Health team worked internally to get the business support to open up doctors' schedules on the website. MoreVisibility optimized the content to promote the ability to schedule appointments online.

In less than three months, NYU Langone Health saw 10x more organic traffic and increased patient calls.
